Oklahoma Certified

Pesticide Applicator Training and Testing

**January 10 & 11,
2007**

- Training and Testing for Service Tech
- Training and Testing of Ornamental and Turf Outdoor Pest Control

**Wednesday
January 10, 2007**

Service Tech or Core Exam

This one-day class prepares participants to take the Oklahoma Department of Agriculture Service Technician Certification test or Core Exam, which is a pre-requisite to Category 3a certification that will be given immediately following the class.

Course Materials

(recommended but not required)

Applying Pesticides Correctly	\$10.00
Pesticides Laws & Regulations	Free

Commercial Applicator

A commercial applicator is any person who engages in the commercial application of pesticides. Commercial Application means the advertising of services, recommendation for use, the preparation for application and physical act of application of a pesticide for hire or compensation.

Non-Commercial Applicator

Any person, other than a commercial or private applicator, who uses or supervises the use of a restricted use pesticide under the supervision of a person who owns or manages the property. Non-commercial applicators are certified to use restricted use pesticides in the same manner as required for commercial applicators.

**Thursday
January 11, 2007**

Ornamental and Turf Outdoor Pest Control

This one day class prepares participants to take the Oklahoma Department of Agriculture Ornamental and Turf Outdoor Pest Control (category 3a) Certification Test.
