Oklahoma Certified Pesticide Applicator Training and Testing

January 14 & 15, 2004

Tulsa County Extension Office
4116 East 15th Street
Tulsa, OK

- **Service Technician or Core Exam Training**
(Pre-requisite for Category 3a Certification)
- **Ornamental and Turf Outdoor Pest Control Training** (Category 3a)

Wednesday - January 14, 2004

Service Technician or Core Exam Training and Testing

Who Needs to be a Certified Service Technician?

Any person who works for a commercial or non-commercial applicator and applies pesticides as long as the person is not the certified applicator. Simply put, this is the person "at the end of the gun."

This one-day class prepares participants to take the Oklahoma Department of Agriculture Service Technician Certification test or Core Exam (pre-requisite to Category 3a Certification) that will be given immediately following the class.

Course materials (recommended but not required)

Applying Pesticides Correctly \$5

Pesticide Laws and Regulations \$5

Testing Fee (testing optional) \$20

Commercial Applicator

Includes any person who engages in the commercial application of pesticides.

Commercial application means the advertising of services, recommendation for use, the preparation for application and physical act of application of a pesticide for hire or compensation.

Non-commercial Applicator

Includes any person, other than a commercial or private applicator, who uses or supervises the use of a restricted use pesticide under the supervision of a person who owns or manages the property. Non-commercial applicators are certified to use restricted use pesticides in the same manner as required for commercial applicators.

Thursday- January 15, 2004

Ornamental and Turf Outdoor Pest Control (Category 3a) Training and Testing

Who needs Ornamental and Turf Outdoor Pest Control (Category 3a) Certification?

Anyone applying pesticides (commercially or non-commercially) within residential or business areas to lawns, ornamental trees and shrubs, including park areas, golf courses, and other recreational areas.

This one-day class prepares participants to take the Oklahoma Department of Agriculture Ornamental and Turf Outdoor Pest Control (category 3a) Certification Test. Applicants must complete the Service Technician Certification or pass the Core Exam prior to taking the Ornamental and Turf Outdoor Pest Control (Category 3a) test.

Course materials (recommended but not required)

Ornamental and Turf Outdoor Manual \$20

Pesticide Laws and Regulations \$5

Testing Fee (testing optional) \$20
